

Girls on Girls: Erotic Stories of Lesbian BDSM

Girls on Girls features 7 BDSM-filled stories of woman on woman (or in some cases, women on woman) action by some of the Internet's finest erotic authors. Includes the only release of Lavilla and the Nubian. Endurance Week by Coco McCloud - Two women rough it in the wilds of Alaska, rough it in more ways than one. One of them is a luscious, submissive red-head with heavy, ripe breasts begging for use. The other is a dominant blonde who is more than willing to use them, and everything else her partner has to offer. The only thing that could make life better for them would be one more. Once they find her, things really heat up. Spy versus Spy by Matt Nicholson - Heather Granger is one of the U.S.A.'s youngest spies, and she's been assigned to gather information from one of the Soviet Union's few women in the inner circle. Her target has a taste for younger, submissive women, bondage and discipline, a role Heather takes on with zeal. But when her cover is blown, and the older woman decides to interrogate her personally, things heat up Cold War style. Peeping Johnny by Jude Mason - Life in the city was great. With buildings crushed against each other, his curvy, kinky neighbor lived just a few feet away. Separated only by two windows that gave him a hell of a view, he enjoyed a nightly show of tortured female flesh and masturbation. But on this night, just when his peep show had passed from clamps to needles, another woman walked into view. That's when it really got good. To Catch a Thief by Coco McCloud - When a dominatrix shopkeeper catches a lovely young shoplifter stealing a bra, she gives the younger woman a choice between calling the police or getting a wholly different kind of punishment. Before long, the pretty thief finds herself naked, bound and helpless, being punished in ways far different than allowed by law, ways that

take pain and pleasure to heights neither of them have ever known. Pushing Limits by Matt Nicholson - After years together, Bonnie and Lacy were among the lucky few. Sex was still good. Usually, it was great. It didnt matter whose fantasy it was. From the day they met, their desires seemed to feed off each other. Lacy wanted the pain that Bonnie loved to give, but they both wanted more. When the breakthrough came that gave them their dreams, pleasure and pain would never be the same again. I Dream of Barbed Wire by Leo Bulero - At first, her erotic dreams are tantalizing. She uses them to guide her and her boyfriend to punish and pleasure her in wonderfully brutal ways. When the dreams take more darkly erotic turns, so does she. Then a strange coincidence leads her to another woman and a past she cant escape. Thats when the dreams become real, with bondage and erotic torture beyond anything she could have imagined. Lavilla and the Nubian by Anonymous - One of them was born in the north country, the other on the giant southern continent. Both are now slaves to the Romans, lovers whose sole purpose is to entertain their Master and the Emperor in ways neither of them could have imagined. Unlike other slaves, their tools are sex and torment, bondage and discipline. Their victims--each other. It could have been far worse. (Editors Note: This work contains graphic language and sometimes extreme sexual depictions of consensual female bondage and sadomasochism. It is intended for mature audiences only and is not suitable for persons under eighteen years of age.)
