

Hansel and Gretel (Fantasy, Fairy Tales For Adults, Romance, Steps)

Just like in the beloved fantasy classics, Hansel and Gretel, Han and Greta have been sent away together..... Due to a failing business and sheer misfortune, Han and Greta are sent away from all they know to a lesser fortune than they are used to. They have to learn to survive without much except their wits and the strength of their bond to each other. Han is off-limits to Greta, and she is very much aware of that. But that doesn't stop her wild imagination from coming up with all sorts of ways to get Han into holes he shouldn't be in. Hans' job is to protect Greta, and he is willing to do whatever it takes to keep her safe, warm, and satisfied - even if it means breaking all forbidden boundaries as he fulfills her wants, needs, and desires. *** Hansel and Gretel is a new adult and college fairy tale with step elements ***
