

Like That Spark: Erotic Tales of New Relationships (Erotic Fantasy & Science Fiction Selections Book 14)

Like That Spark is a collection of short stories that explore the sensuality and eroticism of the moment when two characters finally realize they are meant to be together. These are tales of relationships and the beginnings of romantic and sexual connections. The stories here will challenge you and your notions of what constitutes a relationship in the first place. You will not find the common tame romance tale here. Here erotic connections are represented by the science fiction and fantasy worlds; a realm of infinite possibilities. Nothing is ever as it seems. There are mythical kingdoms, distant planets, futuristic cities, surreal dreamscapes, sultry bedchambers, and even the furthest reaches of space to tempt and entice you.
