

Highlanders Champion (Highlander Heat) (Volume 6)

Traveling through time for a Highlander. It's been four long years since Arianna MacLeod Cunningham's ancestor opened a portal in the past to free lost souls and inadvertently pulled Arianna through from the future into her time. Arianna desperately wants to save her ill father and return to him, and when she travels to the Highland Games being held so near her childhood home, that desire is one she can no longer deny. Highland warrior James MacDonald is at the Games representing his clan. He hopes to topple the reigning champion, although the last thing he expects is to fall under Arianna's spell. She's the girl he cared for when she first fell through time, and now four years later, the woman he can't allow to walk away. When Arianna seeks to send a message to her father, James comes to her aid, only now destiny is about to pull them both apart. Can James find a way to save the woman he loves...even through the separation of time?
