

Hucow Fantasies: Creamed

Her first time will be rich, creamy and delicious! Lexi Davis loves college and living in the dorms. But if she fails her science class, she'll lose her scholarship and her newfound freedom. When the buxom brunette goes to see Professor Perkins to find out if there's anything she can do to salvage her grade, he offers her a simple solution. Help him with a secret experiment and she'll earn an easy A in his class. Professor Perkins has been working to develop a creamy new beverage that helps women ramp up their libido. To improve her grade, all Lexi needs to do is drink his delicious beverage and return the next day to report how it made her feel. But Lexi's innocence doesn't prepare her for the changes that are about to happen to her body or what the handsome professor must do to satisfy her very creamy urges!
