

Taste of Darkness (a werewolf-dragon shifter romance) (Darkness Series Book 2)

He spent more than a thousand years imprisoned in Hell. Drake is an ancient dragon shifter, one of the most powerful beings in existence, but over a millennium trapped in utter darkness has left him ill-equipped for modern society. If it wasn't for Victoria, the sweet female brave enough to befriend him, he'd be lost. She's smart and gorgeous and everything he never dared dream of during his years of agonizing loneliness. He may not have anything to offer her, but one thing he knows for sure: he'd die to keep her safe. Only to fall into the heaven of her touch. Victoria is a wolf shifter, healer of the Stavros pack. She's seen a lot, but she's never met anybody quite like Drake, the fiery, fascinating shifter who can blaze through the skies unseen by mere mortals. He's lost, dangerous, and the last male she should fall in love with, but the more time she spends helping him navigate modern life, the deeper and hotter their connection becomes. She's thrilled when they finally locate his family, but reuniting with his people plunges them both into unimaginable danger. It's a race against the clock trying to figure out who wants them dead and who they can trust, especially when the threat is closer than they ever imagined.
