

Hurtigruten: Air Travel in Images (English and German Edition)

An aerial tour over the stunning and intriguing landscape of Norway's west coast. A journey with Hurtigruten along Norway's west coast is one of the most beautiful voyages in the world - past snow-covered mountains, deep blue fjords and vast plains that have never failed to captivate anyone. Aerial photographer Dirk Laubner followed the route from Bergen to Kirkenes with his camera; he now takes us on a flight over the stunning and intriguing landscape up in the northern reaches of the continent. Text in English and German.
