

CAIN: Dormant Desires Book 4

This is a stand alone within the Dormant Desires Series and could easily be enjoyed without reading the first three. It is also now available as an audio book, narrated by the master of accents, Joshua Story. Dont miss this fabulous listen! Fourth installment in the Dormant Desires Lycanthrope series. This episode revolves around Samantha and the Chimera, Cain. After heading out in search of her Alpha male, Samantha is wounded battling a grizzly bear. Cain lives in the farthest remote location Alaska has to offer. He finds Samantha near death and tends to her, bringing her back to life. Can a were-wolf and a chimera fall in love? Is Cain her elusive alpha mate shes waited a hundred years to meet? This installment has a lot of action which includes the entire Alpha Pack along with a few new characters. As always, my stories have steamy erotica, some comedy and brevity, deep emotional moments and lots of really fun, on the edge of your seat entertainment. This title is approximately a six hour read and is intended for only a mature audience. *****DISCLAIMER: My stories are fun, sexy, erotic, naughty, comedic, highly inappropriate pieces of fiction. They are not masterpieces of literature. Often, vapid, vain, unbelievable, two-dimensional and fictional characters are portrayed. As hard as I try, and there will always be errors. Im an Indie author and I try to put out the best product possible, but if you expect perfection in grammar and punctuation, this title is not for you. My stories are the most unique you will ever read, but there will always be easily found imperfection in everything I do. If you find offense in politically incorrect dialog, terribly naughty language, and obscene situations, then again, this is not a read for you. No grammar Nazis, no prudes; no humans below the age of 18. This is a work of fiction and the author is unapologetic about its tasteless content or the few errors you

will certainly find. None of the characters portrayed are remotely close to anyone in real life; living or dead. Werewolves, Demons, the world of the Fae, or immortal nymphomaniac aliens, DO NOT exist. Please have fun and enjoy. CAIN on AUDIO:
