

Practice Makes Perfect

Discovering he has magic powers isn't much fun for Julian Delaney when all his spells backfire. Can his hunky mentor mend his wonky ways? Julian Delaney thinks he's a normal, sometimes clumsy guy, who occasionally has weird stuff happen. When he finds out the truth - he's a warlock who just needs practice using his powers - he's too shocked to believe it. Dante, his Mystical Guide, arrives prepared to teach Julian everything he needs to know. What neither of them realises is there's a reason Julian's magic powers backfire. Can they figure it out before one of them makes the ultimate sacrifice?
