

## Four on One: Filled up at the Fertility Clinic

Sophie wants a baby, but her husband Josh is less than useless. When Sophie hears about a special fertility clinic owned by a sexy Spanish stallion named Santiago, she decides to go for it. Sophie is nervous they will have to resort to artificial insemination, but it turns out the Santiagos specialized team of natural inseminators is willing to do whatever it takes to get Sophie pregnant. There's a tall Finn, a huge African, and a smoking Brazilian ready to give Sophie exactly what she needs. And she needs a baby. Or two. Or three. Santiago's team takes Sophie hard and fast on the examination table while her husband watches, and there's only one rule in Santiago's clinic: no protection.
