

iPhone 5: Visual QuickStart Guide

New Apple iPhone 5 users will want to start using their devices as soon as they get their hands on them and iPhone: Visual QuickStart Guide shows them how in a stunning full color layout. Lynn Beighley reveals the quickest way to learn iPhone 5 features. Everything is covered including the basics such as making calls and navigating through your music, TV shows, movies, and more. In addition, all the new features are covered including the improved iSight camera, Maps, and Siri. The author rounds out this complete guide with iOS 6 and iCloud coverage and along the way offers insider tips and tricks for making the most of the devices settings and troubleshooting advice. Includes eBook In addition to concise, step-by-step explanations of core tools and tasks, with plenty of helpful screen shots to keep you on track as you work, iPhone 5: Visual QuickStart Guide includes digital versions of this book to load on the mobile device of your choice so that you can continue learning whenever and wherever you are. We provide you with EPUB, PDF, and MOBI eBook formats to ensure that you get the experience that best suits your viewing needs.
