

Its O.K. to say no to drugs!: Coloring book

Its an unfortunate fact of modern life that younger and younger children are being pressured to use drugs and alcohol. This pressure comes, for the most part, from friends, classmates and older brothers and sisters. Just as you teach your child to stay away from fire and to look both ways before crossing the street, you need to teach your child to say NO! to this pressure. ITS OK TO SAY NO TO DRUGS! can be a vital step in this process. This book will help your child develop the kinds of attitudes which make future involvement less likely. And, most important, it will teach your child specific resistance techniques that work.
