

Jira 6.3 for the Rest of Us: A beginners guide to JIRA for the Business User

JIRA 6.3 for the Rest of Us In today's hectic business world where you are asked to do more, in less time, and with fewer resources, there is an accelerating need to improve work efficiencies. If you have not yet heard of JIRA, I'm sure you will, and very soon. JIRA is an outstanding Task, Process, and Project management software rapidly, and well deservedly, gaining market share. JIRA allows you to inexpensively automate and simplify your work processes. In addition to task management, JIRA is an incredibly powerful and flexible tool for creating forms and building automated exception handling. JIRA 6.3 for the Rest of Us is written for the non-I.T. business user. It explains how JIRA works in non-technical language and includes practical exercises. The last part of the book contains detailed scripts for customizing the most common elements of JIRA. Buy your copy today and unleash the power of JIRA in your organization. NOTE: This edition contains updated graphics. However, due to the volume and complexity of images it is recommended you view Jira 6.3 for the Rest of Us with screen sizes 9 inches (23cm) or larger, or purchase the paperback version.
