

# ZOMBIES!!! Surviving the Zombie Apocalypse (Judaism and Jewish Life)

Throughout time people have had many different ideas on how the world would end. One scenario in particular has become more popular in this day and time. Z-Day, or the zombie apocalypse, is the belief that the world will end due to the rise of zombies, and the mass infection of all living beings. Zombies are only motivated by the need to consume living beings, most importantly their brains! The threat of such an attack is so hard to imagine, and more than likely society would break out into widespread panic, causing the collapse of society as we know it.
