

Binding the Queen: A Warrior Masters Novel

Devon, 1893. Lord Nathan Valancourt is young, handsome rich and dominant. He is also an alien hiding in Victorian society. He believes strongly in disciplining a woman over his knee with a sound firm bare bottom spanking or a caning when she puts her life at risk. When he discovers his fate is to bond and mate with the beautiful but stubborn Trian Queen, he has no hesitation in introducing her to domestic discipline to keep her safe. There are many challengers to Nathans position as the Juliets lover, mate, adviser and the leader of her army. Other knights and a powerful witch seek to deprive him of his Queen forcing him to fight for the right to bind her to him for an eternity.
