

Under His Touch (A BDSM and Domination Erotic Romance)

I was always looking for the kind of man who would protect me. That's not to say that I'm some shrinking violet who needs a big strong guy fighting her battles for her. It took a long time for me to discover just what it meant to be kept by a man. When I finally got my wish, I knew things would never be the same. Celia is looking for a man who has what it takes. When a chance trip to a hot new club shows her a new kind of man, though, she realizes that she's had it wrong all along. She wants to give him pleasure, but he takes only what he wants. She wants to give him a piece of herself, but he won't settle for less than everything. Under His Touch is a story of giving up inhibitions and surrendering to the desires of another. Celia finds a part of herself that she never knew existed—a part that desires to be kept by a man for his pleasure and for her own. This story is for mature audiences. It contains graphic depictions of sexual situations including domination, submission and bondage. All characters are at least 18 years of age and all sex is consensual.
