

## Leather Bracelets

Make the most of one of today's hottest jewelry trends with *Leather Bracelets*, a collection of 33 beautifully beaded, knotted, and braided accessories that would be at home on the shelves of the most stylish designer boutiques. Made from leather mixed with a variety of materials--cord, gemstones, beads, buttons, and charms--these projects are perfect for both beginners and experienced jewelry-makers looking for fresh inspiration. Step-by-step color photographs illustrate general jewelry-making techniques, while detailed diagrams provide instructions for each individual design. As an added bonus, the author tells you how to combine different designs to achieve the fashionable layered look.
