

Little Lucy Learns Her Place: (ABDL, Diapering, Enema, Ageplay, Spanking Romance)

I will see you in the morning Lucy. Do not get out of that crib and do not take out the plug. When Little Lucy calls the handsome lawyer on TV, she has no idea how her life is about to change. He promises to help her, but his kind of help includes diapers, enemas and being bent over with a red bottom and learning the lessons of pleasure and pain from her new special man. Dalton Morgan has been looking for just the right young woman to fit his special needs, and Lucy must decide if she can take everything he has to offer. Pleasure unlike anything she could have dreamed is tangled with humiliating discipline and painful punishments. Why does his heavy hand bring her such delight? Dalton has one week to convince Lucy that he knows exactly what she needs. He intends to make sure she knows her place -- and her place is with him. This book contains scenes of age play, spanking, enemas, diapering, adult baby role play and anal play.
