

Hanging by a Thread: A Kite's View of Wisconsin

This full-color book of photographs records Wisconsin from an unusual viewpoint: a camera suspended from a kite and controlled by photographer Craig M. Wilson from the ground. Taken from fifty to a few hundred feet in the air, Wilson's photos capture natural and man-made views that wouldn't otherwise be possible. The result is a vibrant collection that captures Wisconsin in all its shifting beauty in landscapes and cityscapes, festivals, Door County's lighthouses, Milwaukee's neighborhoods, and the crowd at a Badger football game. Captions are provided in English, Spanish, German, and Mandarin Chinese.
