21-year-old Katie James is still living with the man of the house. After a bitter divorce forces a divide between them, she can think of only one very naughty way to help him heal and bring them closer together at the same time. Katie is going to seduce him. She's going to let him fuck her tight body hard and without protection. And even though she knows it's so wrong, it feels so right, and she can't stop herself from making sure the man of the house is perfectly satisfied.
