

Moon Lovers #1 (BBW Werewolf Romance)

Tasha Taylor was an average woman with an above-average waistline, but one night all that (except the waistline) changes when she's attacked in the laundry room. Her savior is a large shadow with glowing golden eyes, and her new enemies are a group of hanky-wearing thugs who want to go through her to get at her hero. Now she has to juggle assassination attempts, crooked cops, the attentions of her reclusive apartment manager, Greg Garrison, and a growing desire for cut meats. Can she keep herself alive long enough to find out who saved her? What does the gang really want with her? Will she ever have time to use that Thigh Master?
