

Mac Kung Fu: Over 300 Tips, Tricks, Hints, and Hacks for OS X Lion (Pragmatic Programmers)

Exploit secret settings and hidden apps, push built-in tools to the limit, radically personalize your Mac experience and tweak your system so its just right for you. Every one of these 300 quick and easy tips, tricks, hints and hacks in Mac Kung Fu makes it just works even better. Become the ultimate Mac user, working faster, smarter, and simply have lots more fun with your Apple computer. After youve uncovered the basics in Lion, Mac Kung Fu is your next step. Youll learn how to master everyday tools such as the Dock, Spotlight, Mission Control, Launchpad, and Dashboard. Youll discover other amazingly useful tools and built-in add-ons that you never knew existed. Youll customize the OS X interface, refine your workflow, learn valuable security tricks, work better with photos, movies and documents, and test your Mac hardware. Youll wow friends with your insanely great Mac knowledge! Mac Kung Fu details things even Mac Geniuses dont know. And why should they? Many of the tips in this book exploit settings or experimental features never officially made public. Each tip in this unique book is deliberately short and readable, and you can dip in and out whenever you want. Most take less than a minute to complete, yet the results last for a lifetime of better computing. What You Need: Mac OS 10.7 (Lion) and above.
