

Certified Macromedia Dreamweaver 4 Developer Study Guide

The book does not teach Dreamweaver, rather, it is a review guide and provides helpful pointers for examinees. The book's coverage is thorough, and is highly readable in small bite-sized chunks. Each subject is presented in clear and direct language, with useful and well explained code examples. Sample questions accompany each subject, as do references to recommended reading (documentation, course work, and existing Que Publishing books).
