

Magnum Contact Sheets

Offers unique insight into the working progress of the celebrated agency's photographers over the past seven decades—their approach to taking and editing their pictures as well as their idiosyncratic relationships with the contact sheet. Available for the first time in a compact edition, this groundbreaking book presents a remarkable selection of contact sheets and ancillary material, revealing for the first time how the most celebrated Magnum photographers capture and edit the very best shots. Addressing key questions of photographic practice, the book illuminates the creative methods, strategies, and editing processes behind some of the world's most iconic images. Featured are 139 contact sheets from sixty-nine photographers, as well as zoom-in details, selected photographs, press cards, notebooks, and spreads from contemporary publications including Life magazine and Picture Post. Further insight into each contact sheet is provided by texts written by the photographers themselves or by experts chosen by the members' estates. Many of the acknowledged greats of photography are featured, including Henri Cartier-Bresson, Elliott Erwitt, and Inge Morath, as well as such members of Magnum's latest generation as Jonas Bendiksen, Alessandra Sanguinetti, and Alec Soth. The contact sheets cover over seventy years of history, from Robert Capa's Normandy landings and the Paris riots of 1968 via Bruno Barbey, to images of Che Guevara by Rene Burri, Malcolm X by Eve Arnold, and portraits of classic New Yorkers by Bruce Gilden. 446 illustrations, 240 in color
