

The Zen of Three Zines: A Muse Art Zine Book

This is a hand written Art Muse Zine in Black and white, expressing the thoughts and outcomes of a womans dire emotional process that began with an emergency surgery on a dark and stormy night in a rain shadowed city in a hospital where the generators werent always working properly, an emergency surgery after a bad haircut given in a back street ghetto salon, a gift from a cheap red headed friend who looked like a priest, which haircut had led the surgeon to address her as Mr. Simon, and ask about her prostate, causing her to cry and him to hastily change charts and get it right before she went into surgery. And so she wrote the three short Musings in this book while she was recovering.
