

## Breakfast Doodles: Volume 1: The Inktober/Drawlloween Edition

Good morning! Breakfast Doodles are the daily drawings of Donovan Scherer, author and illustrator of the Fear & Sunshine series and more. Created as a reason to get out of bed and make some art before heading off to the day job, this morning routine has quickly become a horrible addiction of our dear artist, leading to strange creatures and cats with workplace depression. Join him as reality spirals out of control in this first collection of artwork and stories. This work is originally published daily online but collected here for convenience and because he thinks it would be cool to say he publishes a book every month. And since you ought to know just what you're getting into, here's your Breakfast Doodle Menu: Monday - Monsters Tuesday - The Art of Fear & Sunshine Wednesday - Childhood Adventures Thursday - The Rise of the Deadish Friday - Free for All Saturday - Workin Cats Sunday - Adventure Quest Land As an added bonus, Volume 1 was created during October 2015 while Inktober and Drawlloween were happening. Inktober is an annual event where artists around the world work to create a new inked illustration each day of October. Drawlloween offers Halloween-themed suggestions for artists to choose from. This month's Breakfast Doodles combines them both (along with the regular menu).
