

Escape from Zombie Earth: A Lovecraft inspired horror adventure (Volume 1)

Were the stories of H.P. Lovecraft pure fiction or was he tapping into an unseen reality and passing it off as fantasy? How many among us have visions of alternate realms and is it possible to physically travel there? Gillian Gordon is one such person. She and her crew are about to be thrown into a world she has known only in nightmarish dreams. There, she will learn the truth of what we perceive as only fiction. Zombies are just the beginning of whats in store for this crew of ill-fated travelers.
