

Muzzling My New Pup (Puppy Play Erotica, BDSM)

Jonathan's wife Beth had always wanted a puppy but she didn't want one like everyone else had, she wanted something different. Jonathan finally decides to surprise her one day by bringing home a newly trained pup, straight from the kennel. Beth is surprised, alright, especially since the puppy turns out to be a muzzled young woman. She quickly accepts the idea and they happily welcome the new puppy into their home, and between their legs. **WARNING:** This 4000 word story contains scenes of human puppy love, BDSM, peanut butter and sexuality. It is intended for open minded adults only. Excerpt: Good girl, Beth said, running her hands through the girl's hair again and scratching her behind the ears. The girl nuzzled Beth's leg. I think she likes me, she said. Of course, why wouldn't she, Jonathan replied, putting his hand on his wife's knee and giving it a little squeeze. Well, after you were so rough with her I wasn't sure if she'd be afraid of me as well. You have to show a dog who its master is, he replied, matter-of-factly. Otherwise you'll never get any obedience from them. Well I think you just need to show them love, his wife said in a cute little voice, using both hands now to rub the girl's head. Doggies just love to be scratched and rubbed, isn't that right Oreo? In answer, the puppy nuzzled harder into her leg and looked up at her, panting with her tongue out. See? She likes it. Good, Jonathan said. He reached over with one of his large hands and gave the girl's head and neck a rub. Oreo looked at him warily but then submitted to his touch.
