

Naked

Leigh is young and blond and beautiful and living a quiet life on the farm with his family. Only his dad left at Easter, and considering how things are with Blake, his closest, most attractive and too affectionate brother, Leigh isn't at all happy, though he perhaps doesn't know it. It takes a ride into the hills, a skinny-dip in a stream and a meeting with a stranger before Leigh understands exactly where his life is going wrong. But by that time he's locked in the attic of an old, twisted house, miles from anywhere, naked. Paul, his captor, has a story to tell Leigh, a story that will challenge what Leigh thought he knew about himself and his capacity for love. A dark romance novella by Todd Young. 18+ Adults only. Contains graphic sexual descriptions.
