

Aixo ho canvia tot: El capitalisme vs. el clima (Catalan Edition)

Oblida tot el que creies saber sobre l'escalfament global. La veritat, la pura veritat, es que el problema no rau en les emissions de dioxid de carboni, sino en el nostre sistema. Pero l'altra veritat es que podem combatre aquesta crisi existencial i transformar el nostre sistema esgotat en una cosa diferent i radicalment millor. En el seu llibre punyent i provocador, potser el mes provocador de tots, Naomi Klein senfronta a un dels problemes mes greus que amenacen la humanitat: la guerra que el nostre model economic fa contra la vida a la terra.
