

I Got Probed By An Alien And I Liked It (I Banged) (Volume 7)

When world famous reporter-turned-sex-addict Jessica Fox gets the chance of a lifetime to fly board the International Space Shuttle with sexy astronauts George Clooney and Sandy Bullock, she ascends to Cloud Nine. And when she and Clooney have hot, wild sex in zero gravity, Jessica thinks life couldn't possibly get any better. But then it does. For you see, aliens from the Planet Cock have come searching for a hot Earth babe to have sex with (as all the females on Planet Cock have gone on a sex-strike to punish the males for neglecting them). At first Jessica is repulsed by the slimy, tentacled creatures, but then they use their powers of metamorphism to transform into realistic clones of A-list celebrity heart-throbs like Zac E, Channing T, and Ryan G. Jessica proceeds to have hot, wild, intergalactic sex that's out of this world!
