

Naughty Immys Punishment

Imogen loves it when her husband Adam takes on his daddy role and spoils her, cuddles her, and treats her like his baby girl, but she knows that when she has been naughty her daddy must discipline her and today she was very, very naughty. A silly prank on her part almost got Adam in trouble with the police, and Immy knows that now she is in for a long, thorough, and incredibly embarrassing punishment from her firm daddy. Publishers Note: Naughty Immys Punishment is a novella-length erotic short story that includes spankings, anal play, exhibitionism, humiliation, age play, medical play, sexual scenes, and more. If such material offends you, please don't buy this book. Additional Note: This story focuses primarily on a single incident in the lives of a fictionalized couple and the results of that incident. The age play relationship and associated punishments and other interactions described in the story are intended purely as erotica and not as an attempt to portray a realistic relationship which includes age play elements.
