Jane Masters has no idea she's a necromancer. Luis and Henri are the vampires responsible for the power mingled in her blood. Though her love life improves dramatically after meeting them, Jane faces a more urgent situation than dating a vampire or two. As Luis and Henri reveal the details of her past life and the source of her power, they learn there's a killer on the loose and Jane is next on the list. As for her newly discovered past with the vampires, her heart remembers them. But will she survive to love them this time?
