Aster's assignment as a bodyguard suits her temperament. She likes to boss folks around while keeping them where they are supposed to be. A fan of order, she enjoys her position away from Earth on a world where her services can be of use. Dressed up like a doll for a costume party, she finds that fighting is part of the local community tradition and calling upon an ancient god is also traditional. She just never expected him to answer. Yodin is an immortal who has been looking for another of his kind. Aster has only recently shed her previous life and entered the endless lifespan that he currently enjoys, but he intends to introduce her to the pleasure of an eternity with the god of war, death and sex.
