# Cisco CCNA Certification CD-ROM Courseware (1 CD)

New from Delmar Learning, these two 8-tape certification video training series are available for purchase separately or combined in a set of all 12 tapes, making integration of various topics into training courses or academic programs simple. Part one (Tapes 1-4) for both series is an overview of the fundamentals of networking. The second part for the Cisco CCNA Certification Series prepares learners for the new Cisco CCNA Exam #640-607, while part two for the Network+ Certification Series covers topics for the Network+ Certification Exam launched in 2002. All sets are available in either VHS or CD-ROM Courseware and contain over 2A? hours of instruction. CD-ROM Courseware offers the following features in addition to the video content: Grade book, video glossary, pre-test/post-test, variety of question types, ability to modify, and automatic remediation. an Instructors Guide accompanies each series, offering tips and suggestions for using the videos to achieve maximum results.
