

## Never Had a Spanner on Her

In the sequel to *They Dont Make Them Like That Any More* our vintage car dealer gets involved in a scheme to import some vintage cars from Nassers Egypt. From the run of the mill trades of London our hero finds himself in Cairo and trying to export a Bugatti Royale, probably the rarest car on the planet. The story has suspense, guns, a beautiful girl and of course masses of old cars. It races from Belgravia, to Belsize Park to the Pyramids and Alexandria. Leasor combines his proven thriller writing skills with an encyclopaedic knowledge of vintage cars to deliver a real page turner. Mr. Leasor has a delightful sense of the ridiculous; he also has an educated style which stems from more than 20 very good books. Manchester Evening News All good reading, with accurate detail of the cars involved. Autocar Vintage adventure for auto-lovers and others alike. The Evening News
