

## Guinevere: A medieval romance

A beautiful Arthurian romance you will not be able to put down. Never before has the mysterious legend of King Arthur and the knights of Camelot been explored in such sumptuous detail. Told from the point of view of Guinevere, this epic romance chronicles the life and loves of the queen of the Round Table. From being torn away from her native Breton to wed Arthur, being held captive by his enemies to her affair with Lancelot and the subsequent fall of Arthurs kingdom, every dramatic event is explored in a rich, compelling narrative. With acute attention to the existing literature and historical studies, Medievalist scholar Lavinia Collins brings the world of dashing knights, week-long banquets and cruel wars to light for a contemporary audience eager to get an insider view of life at Arthurs court. While this book will make fans of Arthurian literature ecstatic, it will also bring delight to any reader of quality contemporary fiction. *Guinevere: A medieval romance* was previously published as three volumes: *The Warrior Queen*, *A Champions Duty* and *The Day of Destiny*. These are still available on kindle.
