

## Paracord Crochet: 2 Step-by-Step projects for (wo)Man & His (her) Best Friend

Crochet designer Tara Cousins presents two projects in this step-by-step photo instructional ebook. Combining easy crochet techniques with trendy paracord rope, you can learn how to make a belt for you and a leash for your best friend. Both projects are quick-release. Undo one knot at the end of each project and the whole thing will unravel in seconds. This means that up to 75 feet of paracord will be at your fingertips in no time at all. The instructions include photos to guide you each step of the way. Even if you have never worked with crochet or paracord, you should have no trouble making these 2 projects!
