

Two By Day, Three By Night

Courtney Wells expected to encounter a commanding personality when she agreed to provide specialized in-home nursing for a foreign aristocrat, but nothing could have prepared her for Baron Marcas Kalnovky. Something deep within her can't help but need to obey this incredibly handsome mountain of a man, and if his voice alone isn't enough to make her submit to his every command, then his firm hand applied to her bare bottom will do the job. Courtney soon learns that she has not been hired to care for the baron himself, but for his best friend and servant of many years, an old monk by the name of Brother Sebastian. While it is the aging monk who is sick, the baron himself has a far more unusual condition. His voracious appetite for uncovering the archaeological treasures of his native Romania once led the baron to delve too deeply into the wrong tomb, and since that day he has been the victim of a most unusual curse. By day he is the same man he always was, but by night he is physically split into two separate persons one which contains his rational side and another which harbors his animalistic desires. When the pretty young nurse arrives to care for Sebastian, the baron finds that both sides of himself not only want her, they need her all of her, in every way she can be taken. As they grow closer to one another, Courtney becomes torn between the worldview she has developed over the years on the one hand and her deep need to submit to Marcas on the other. When she discovers the effects of the curse it only adds to her confusion and her intense lust for both sides of him. When she is bound naked and helpless at the mercy of all of Marcas' desires, she is shocked to find that she is soon begging for both of him inside her at the same time. Will she come to terms with herself and with Marcas, and if she does, will her love be able to break the curse and heal his wounded soul? Publishers Note: Two by
