

Overtime: An Erotic Romance

Everyone knows you shouldn't have an affair with your boss. Valerie, a curvy single girl in New York City, is three months into her first job out of college. Her boss, the very wealthy and mysterious Jasper Declan, makes her a little nervous, but that's normal, isn't it? One night, they're alone together, working late on a big project - and the next thing she knows, Valerie is half-naked on her boss's desk. She knows better, but she just can't resist giving into temptation. But as the affair continues, it turns out that Jasper has certain... preferences. That is, he's looking for a curvy, sexy, beautiful submissive - and his assistant, Valerie, would be perfect.

Will she give into her desires? Or will she do what she knows she should, and end the affair? *Overtime* is a seriously steamy romance that will melt your screen!
