It can be good to carry with you in the form of survival belt, bracelet, rings, necklace, etc. It will be really useful to design different things with these cords for regular use. It is easy to make a knife wrap to increase your grip on the knife, axe, and another tool. Paracords of various colors are available for your assistance; therefore, you can design various projects with it. The whole paracord is useful because you can get the advantage of inner cord as well. If you have paracord, it will be good for you because your survival chances may increase. This book is designed for your assistance with the help of 15 projects. Each project is given with images for your assistance and easy guidance. Follow these images and design various items with your paracord. Get the advantage of these projects that are given with easy to follow instructions. BOOK #2: Paracord: Survival Bracelets, Lanyards, Dog Leashes, and Other Useful Things You Can Make Yourself You may not have heard of the term paracord. It is literally the cords from the parachutes used in the Second World War. These cords were designed to take an impressive amount of strain considering the smallness of the cord. In fact, their strength is generated from the fact that there are several strands inside the sheath, it will still function extremely well even if some of strands are broken. The strands can be separated from the whole to add length or be used for finer tasks; making the cord incredible versatile. Paracord is

commonly used now to make a variety of items. Some of these may appear to be purely decorative, but all of these items can be converted into cord, this can make all the difference in a survival situation.

BOOK #3: Paracord: 15 Tutorials On Creating Fabulous Paracord Projects For Preppers With Illustrated Instructions Paracord is a lightweight nylon rope that is used for various purposes. It was widely used during World War II and its purpose was to suspend lines. This rope is really smooth; therefore, it is considered ideal for different projects. This book has 15 tutorials for paracord projects for peppers with instructions and images. Paracord monkey fist, paracord knife, bottle wrap, key chain wrap, storage area and other things. There are numerous options for you to learn because Paracord is useful to secure a tent, make wraps between trees, hang tools from the belt, and make a tourniquet, sling, emergency belt and lots of other things. The use of this book will help you to understand the preparation of different items. This will be a great choice for preppers. You can learn important knots and experiment these knots.
