

## Patriarchy (Mark Me Series Book 3)

Matt has done his best for Sarah, his daughters best friend, after her parents used scare tactics to keep her sheltered and afraid of the world. Hes noticed her body has grown some curves lately, but hes too respectful to try anything. But when the naughty young lady gets caught snooping through his things and finding out more than she is entitled to know, shes willing to do anything to earn his silence. Will Matt give in to his temptations and grant her single wish to be taken for the first time, hard and without protection?
