

Pole Position (Awakening Sophy: Part Four)

The Highly Anticipated Sequel to the Amazon Number 2 Best Seller - Triple Delight! Best Selling Author Bianca James At Her Best!*** Alexis by Night - the complete, addictive, sizzling new series from Bianca James is now available ***It was only intended to be a fun way to stay in shape. Nothing serious. At least that's how it started, when Sophy first enrolled at the Pole Dancing school. Then an exhilarating offer to perform at an exclusive, underground Wall Street Gentlemen's club is made. A once in a lifetime opportunity to do something many women secretly fantasize about but would never do, even if they did have the chance. Parker, the obscenely wealthy golden boy of Wall Street happens to be at the club that night and becomes enamored with Sophy from the moment he lays eyes on her. He can have his choice of women, but only one ignites the raw passion within him. At first, Sophy dismisses Parker's generous proposal for a private performance. Then she starts to think about how she might make the most of the opportunity to fulfill yet another deeply erotic fantasy. Another smoking hot, erotic and sex-charged story from Amazon Best-Selling erotica author, Bianca James! Here's what a few of readers had to say about Stranger Addiction ... Overall, a strong recommend here for sex-with-a-stranger and blindfold fans, and a good general recommend for erotica readers. A sweet ending too, with a dash of mystery. Very nicely done here, and a little gem of a book to pick up and read this week. E-Read Erotica Reviews I am beyond ecstatic to be hopeful again for erotic reading that focuses on the art of the suspense, anticipation, & nuances to make for optimum heightened feminine arousal with a man lovingly & competently sensually pleasuring his woman or 2 women or what have you.. Bravo! 5 Stars - Amazon Review I loved it. The whole

stranger aspect is quite delicious. I love the boldness of the author when it comes to the sexual appetite of the male character. This is the first book Ive read that explored that.
