

Prince Charming [Mischievous Fairy Tales 1] (Siren Publishing Menage and More)

[Menage and More: Erotic Historical Fairy Tale Menage a Trois Romance, M/F/M, HEA] When her mother died, Cinderella was sure that she and her father would fall apart alone. However, that changed when her father met a woman with two daughters of her own. Cindy was sure that life was going to be spectacular! Not only was she going to have a new mother, but sisters as well! However, in the time of war her father was called off to protect their Kingdom. A King who always had believed in fighting with his men, Cindy was taught what reality was. Forced into the role of servant, Cinderella lives each day in the shadows of her own home, watching and hiding in hopes that her stepmother and stepsisters will forget her... until she runs into a visiting Prince that is. When she runs into Prince Randulf in the halls of the castle, she knows she will have to do what she can to save him from her sisters and her stepmother. Even at the cost of a whipping, Cindy steers him clear of her family. Cedric thinks that Cindy is a servant when he first meets her, even if her mannerisms are anything but servitude. He loses his heart to her, however, and soon so, too, does his best friend, Prince Randulf. Now if only she were a Princess life could be good, right? ** A Siren Erotic Romance
