

## Preparandote para ser una Ayuda Idonea/Preparing to Be a Help Meet (Spanish edition)

Being a good help meet starts long before marriage. It is a mindset, a learned habit, a way of life established as a young unmarried girl or at least that's the way it should be. Most girls spend plenty of time planning for their wedding, but make no preparation for the weeks and years to follow. It was with good reason God said let the aged women teach the younger. Preparing to Be a Help Meet contains six sweet love stories written by wives sharing their experiences about how God taught them to be the help meets they are today. Girls will be instructed on how young men seek out a wife and what they are looking for in a possible mate. In the last chapter, several men speak up to say what they really appreciate in their wives. And of course, several single, wife-hunting males speak out here and there to give their opinion of what I have written.
