

The Tower Chronicles: Geisthawk Volume 2

A Hunter Haunted in Two Worlds! Written by Matt Wagner, award-winning creator of Grendel and Mage, and created by Thomas Tull, executive producer of 300 and The Dark Knight, this is the next compelling chapter in the tale of John Tower, a supernatural bounty hunter who tracks down the horrifying nightmares that plague our unsuspecting world. Following the close of the Piranha Killer affair, we find Tower reluctantly enduring the assistance of FBI agent Alicia Hardwicke, whose cynicism quickly dissipates once she witnesses his terrifying ordeals. Now, united in Towers quest, they travel the globe together and into the darkest recesses of mankinds most dangerous places to vanquish a multitude of demonic manifestations and unfathomable evils - all to free his troubled patrons from their tormentors unearthly grasp. Illustrated by acclaimed 2000 AD and Lobo artist Simon Bisley, with cover art by industry legend Alex Ross, this is the second volume in the first series of a graphic novel trilogy, serialized bi-monthly in four deluxe prestige editions (foil stamped, with an embossed cover and French flaps).
