

Rage Against The Machine: Special Edition (Dan & Chloe Book 1)

From the #1 best-selling erotic author of *Second Chance*, *On Deadly Ground* and the series of erotic encounters featuring Seth & Amber. *Rage Against The Machine*...where it all began. When Daniel Constantine is the victim of a case of mistaken identity he is plunged in to the nightmare world of a sinister organisation. Running for his life and trying to forget his own turbulent, violent, tragic past he is forced to help a woman in need. Chloe Bishop knew that something was going to happen the minute she saw the cars headlights; it was only after she met its driver that she realised that fate had brought them together. Together they are in a race to stop the organisation known as the Brotherhood from committing more atrocities and as they run from England to Japan, Australia and the USA she realises that Daniel is far more than she had at first assumed. Daniel and Chloe are in a race against time to get to safety and along the way they realise that their fates are destined and as events unfold they come to understand what it means to truly love someone more than they could have ever imagined and that to do nothing when bad things are happening just isnt an option. And in *Unfinished Business* Dan and Chloe learn that every action has its consequences and that sometimes danger is a lot closer to home and when trouble comes calling its a case of kill or be killed. *Not A Gun In Sight*: a previously unpublished Dan and Chloe short story is EXCLUSIVE to this SPECIAL EDITION and its a HOT one! Mixing high octane thrills with an adult romance isnt easy but with these two characters, and Chloe at the helm anything is possible. This title contains scenes of very graphic sex and violence and is intended for adults.
