

## Hellebores Holiday (Nexus Chronicle Book 8)

Hellebore wants some time off from the singing, from being pressured to perform. When she takes off in the beginning of December, she is shocked to find her normal portal turning into a one-way trip into a prison. With her head a bloody mess, she is taken to the doctor who treats her wounds with a confident touch. She gets the briefing on the prison, but one tiny detail is left out. Their prison is a holding area for a Christmas detachment. All eight men are being held for crimes against their peoples traditions, but she finds that they are not all criminal. With a little bit of effort, she manages to send messages and get in touch with the outside world. Having friends is a very good thing when you are trapped for Christmas.
