

Law Unbound!: A Richard Delgado Reader

This book offers the best and most influential writings of Richard Delgado, one of the founding figures of the critical race theory movement and one of the earliest scholars to address the harms of hate speech. With excerpts from his classic law review articles, conversations with his famous alter ego Rodrigo Crenshaw, and comments on the vicissitudes of academic life, this book spans topics such as hate speech, affirmative action, the war on terror, the endangered status of black men, and the place of Latino/as in the civil rights equation.
