

Minecraft: Ultimate Combat Handbook: An Unofficial Guide to Minecraft Combat

Time to Destroy Your Enemies! Having fun playing Minecraft is not rocket science, but there is definitely a whole lot more to the game than there seems to be on the surface. There are terrifying bosses to hunt down, deadly weapons to master, powerful potions to brew, epic enchantments to add to your weapons, and so much more - but the amount of fun that you experience while playing the game can really be messed up if you don't have a solid foundation of how to do certain things. This book will teach you everything that you need to know about Minecraft in order to feel at ease whether you're just playing with your friends and family, or playing with the pros. Some of the things you'll learn inside are how to use combat mechanics to your advantage, how to create sneaky traps, how to enchant equipment, how to survive and actually have fun in dangerous areas like the Nether, and so much more! See you inside!
